**WELCOME TO P.S. 111**

P.S. 111

P.S. 111 offers a small learning environment with a diverse school community. Building on the Pre-K curriculum, our students will be prepared for all five of the **developmental domains** that are critical to their overall well-being and academic success.

- ◆ Play and learning
- ◆ Emotional and social development
- ◆ Health and physical development
- ◆ Language development and communication
- ◆ Cognitive development

P.S. 111 is a school where every child has the ability to reach his or her fullest potential through a thoughtfully designed curriculum.

We are a Teachers College reading and writing school, and we engage in Number Talks in math four to five times per week.

Three times per month we have Community Assemblies and once per month we have Family Fridays where parents can visit their child's classrooms.

## Diverse Community

- ◆ 17 different languages spoke
- ◆ Range of socio-economic status
- ◆ Gifted & Talented classes
- ◆ Support Services for Special Education needs students

## Caring Community

The entire P.S. 111 community supports a charitable ethos. We engage in several charitable events including the December Food drive, coat drive, and various service projects through-out the year.

## Challenging Curriculum

Our students are challenged to work to their highest potential. Material is differentiated for various levels of engagement. We engage students in reading, writing, and math every day. Students have P.E. , music, and/ or visual arts six times per week.

## Enrichment

We partner **with** several groups to enrich our curriculum, **including** Young Storytellers for 5th grade, Alvin Ailey for 4th grade, Marquis Studios for grades K and 1, and Chess in the schools for grades 1-5. Our teachers also thoughtfully plan trips to support the students learning.

## PTA

Our parents are an integral part of our school. The PTA works with the teachers, Parent Coordinator, and administration to support the school in meeting it's goals.
